## EDITOR'S BOTTOMLINE

***Since when have books, and that too classics, become a security risk in India? That is the question everyone seems to be asking, including the Judges of Bombay High Court. Recently, the Bombay High Court expressed surprise at the Taloja prison official's decision to disallow Elgar Parishad case-accused Gautam Navlakha access to a book authored by one of the world's best known humour writers, PG Wodehouse, calling it a security risk.***

***It is well-known how, in our country, prisoners with money and influence can get everything — from liquor and cigarettes to mobile phones to other luxuries — to enable them to lead a lavish life in jail. People such as Navlakha are only asking for books to nourish their minds. Rightfully, anyone in prison deserves to have access to some education and entertainment, it is a basic human need. As an American Supreme Court Judge said, even behind the high walls of prisons, prisoners don't lose their human qualities nor do their minds become closed to ideas. In fact, their need for self-respect and self-realisation are more compelling in the dehumanising jail environment.***

***It is high time the powers that be adopt a humane, pragmatic approach towards prisoners by providing them with their basic needs such as straws, sippers, reading glasses, medicines and books to allow them to learn, grow, dream, hope, thrive and survive. That would enable them a successful transition to freedom and help them to move on in life.*** — *Stanley Carvalho in Deccan Herald*

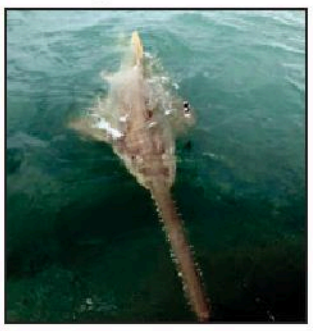
### Device that lets you feel virtual reality pain

Tokyo: A Japanese startup is trying to blur the line between reality and virtual reality with technology that allows the wearer to feel the pain experienced inside the metaverse in real life.

H2L Technologies, a Sony-backed technology company based in Tokyo, recently unveiled a wristband that dishes out small electric shocks whenever the wearer suffers pain-inducing damage in the much-hyped metaverse. The device is supposed to do a lot more than that, including mimicking a range of sensations from catching a ball to a bird pinching the wearer's skin, as well as conveying weight and resistance. It's all meant to make the metaverse this immersive experience that the people and companies involved in its creation have been pushing over the last year or so.

### Fisherman hooks 13 ft-long rare fish



Florida: A man from Lancashire went out on a fishing trip hoping to catch a shark but ended up hooking an even rarer nautical giant.

Ian Atherton was out in Florida on his half-day trip out with his captain they left Port Canaveral and headed out a few miles into the Atlantic Ocean looking for sharks.

Upon dangling some bluefish into the water on his hook, Atherton – from Fleetwood – managed to get a bite almost straight away. What ensued was a battle between fish and fisherman that lasted nearly an hour, until the fish eventually succumbed and headed for the surface.

That's when they discovered that it wasn't a shark at all, but a rare 13-foot-long sawfish. Captain Jon managed to free the fish without it ever having to come out of the water and it promptly swam off.

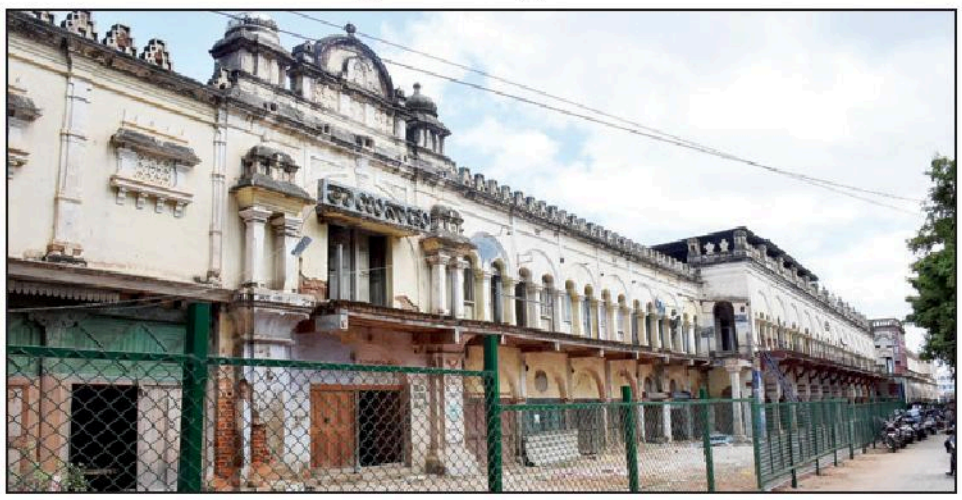
## Devaraja Market and Lansdowne Building

# Heritage Committee favours demolition

- Opinion to be submitted to the High Court and State Government, says DC
- Structurally weak buildings to be razed but heritage design to be retained



Mysuru, Apr. 14 (RK&BCT)- The Mysuru District Heritage Committee that met at the Deputy Commissioner's (DC) Office yesterday under the leadership of DC Dr. Bagadi Gautham, who is also the Chairman of the Committee, has taken a decision to demolish the Devaraja Market and Lansdowne Building and reconstruct them by retaining their original design, facades and the heritage style.

The decision has been taken on the grounds that both the buildings are structurally weak and would pose a threat to public safety. Already a couple of lives have been lost, the DC told *Star of Mysore* this morning.

While the Task Force appointed by the State Government had recommended demolition of both the buildings, the Heritage Committee earlier had opposed it contending that it was possible to undertake repairs without demolition. Now, a case is pending before the High Court as some tenants had appealed against the demolition. Hearing the tenants, the Court had sought the Committee's opinion.

"Nothing much can be revealed at this stage as the matter is *sub-judice* and the decision of the Heritage Committee will be conveyed to the High Court and the Government as the Court has sought the opinion of the Committee. If the High Court accepts the views of the Committee, it will pave the way for the demolition and reconstruction of both the buildings," DC said.

Some of the members of the Heritage Committee opposed the demolition and said that the Committee, by deciding on demolition, has just endorsed the decision of the State Government which has already made up its mind to raze both the heritage buildings. "As the High Court has asked the opinion of the Committee, a formality has been completed, toeing the Government line," said the members, voicing their dissent.

# Devaraja Market tenants to get alternative place

## Meeting next week with Tenants Association and Chamaraja MLA, says MCC Commissioner

Mysuru, Apr. 14 (RK&BCT)- If the Karnataka High Court accepts the opinion of the Mysuru District Heritage Committee to demolish the Devaraja Market and Lansdowne Building, the dilapidated structures will make way for new heritage-like buildings.

In such a scenario, the main task of the Mysuru City Corporation (MCC) is to relocate the tenants of Devaraja Market and give them a suitable place for business till the new building is constructed. Lansdowne Building is already out of bounds for the public and as the tenants have already been shifted to the lane opposite the building, there is no need for their relocation.

But there are over 1,000 tenants in Devaraja Market who have been opposing any move to demolish the century-old structure and will have to be convinced to move out.

MCC Commissioner G. Lakshmikantha Reddy told *SOM* this morning that the District Heritage Committee has taken a clear cut decision to raze both the structures.

# K.R. Hospital's Radio-Diagnosis Unit needs upgradation

**By S.T. Ravikumar**

Mysuru, Apr. 14- City K.R. Hospital's Radio-Diagnosis unit, which plays a very crucial role in detection and diagnosis of diseases, is in need of an urgent upgradation with all necessary infrastructure to meet the growing demands.

The unit has the task of issuing reports of patients of all Hospitals coming under MMC&RI, namely — K.R. Hospital, Cheluvamba, PKTB, Super Speciality Hospitals and Trauma Care Centre — with the last three of them, located on KRS Road.

The K.R. Hospital's Radio-Diagnosis Unit has just one CT Scanning machine, catering to the needs of 100 to 120 patients a day and 7 Ultra-Sound scanning machines that can collectively diagnose 150 to 200 patients a day. Besides higher level of tests such as Doppler scanning, Elastography procedures, Biopsy, FNAC etc., too are being done using these equipment. As regards X-Ray, the X-Ray scanning is being done with the help of an X-Ray machine in K.R. Hospital and 9 bedside Portable X-Ray machines, with hardly 400 patients, including both in-patient and out-patients, benefiting from it.

Meanwhile, doctors are of the opinion that a Digital Radiography facility is the need of the hour as they give reports almost instantly after scanning.

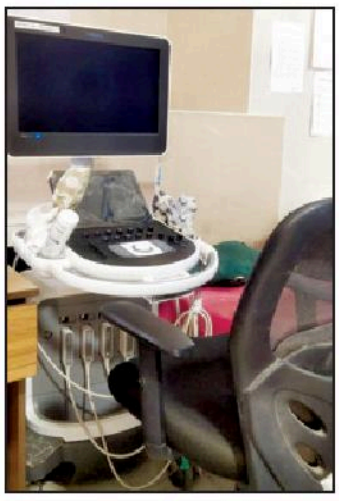
The Hospital is in need of a MRI Scan facility. In the absence of an MRI Scan facility of its own, the K.R. Hospital is running the facility on a PPP model for the past 10 years, after having tied up with Medall Diagnostics, for which patients are charged depending upon the type of scanning. Though the 10-year agreement with Medall ended a year ago, the agreement has continued as the Medical Education Department has not taken any measures for installing an MRI scanner.

Apart from infrastructure and equipment, K.R. Hospital is facing a crisis on other fronts too such as shortage of doctors, specialists, technicians and para-medical staff, in order to meet the rush of patients at this over-a-century-old Hospital, which is popularly known as 'Doddaspatre' among the rural masses.

Apart from the Radiology Department, faculty that comprise HoD Dr. C.P. Nanjaraj, Professor Dr. Pradeep, Associate Professors Dr. Manu Pratap, Dr. K.B. Hemanth, Dr. C.N. Pradeep Kumar and Dr. K. B. Umamaheshwari, Assistant Professor Dr. P. Sanjay and Senior residents Dr. R.K. Nishanth and Dr. B.G. Jagath, there are only four other permanent staff and 8 technicians who are outsourced. As per the present requirement, the Department needs 30 more technicians, staff nurses and D Group employees to meet the health needs of growing number of patients.

Meanwhile, out of the sanctioned 708 posts in MMC&RI, there are only 382 staff, while 326 various posts are lying vacant for long. The vacant posts include 120 staff nurses, 13 Nursing Superintendents - Grade II, 14 Nursing tutors, 38 Second Division Assistants and 4 Radiographers, while the rest include Group C and D posts.

With increasing number of patients, the Hospital needs added facilities such as trolley ways, a Dharmashala for caretakers of patients, drinking water and sanitation facilities to cope up with the growing needs. With all these shortcomings, it is high time the authorities wake up and take measures to address all the issues that the century-old K.R. Hospital is battling, at a time when the MMC&RI is getting spruced up for its centenary celebrations. The improvement of infrastructure will largely help the poor patients who look up to K.R. Hospital as 'Doddaspatre'.



## MMC&RI braces up for centenary celebrations

Meanwhile, the oldest Medical College of the State, MMC&RI, is gearing up for its centenary celebrations to take place in 2024. According to MMC&RI Dean and Director Dr. H.N. Dinesh, K.R. Hospital and all other four Hospitals coming under MMC&RI, will be developed as part of the celebrations. Pointing out that the State Government has earmarked funds for development of Infrastructure in K.R. Hospital, he said that measures will also be taken to improve the facilities in the Radiology Unit. Noting that the tender process is on for the installation of MRI Scanner, he said that the delay in the installation is because of the confusions over the configuration of the machine to be supplied by the manufacturers. The issue will be resolved and the MMC&RI will soon have its own MRI Scanning facility, he added.

*Dr. H.N. Dinesh*

Continuing, Dr. Dinesh said that a DPR (Detailed Project Report) for the repair of dilapidated portion of the buildings, construction of a new OPD Block and other works is being prepared, which will be submitted to the Government for urgent consideration.

Maintaining that people representatives such as MP Pratap Simha, MLA L. Nagendra, District Minister S.T. Somashekar and others have extended their full co-operation and assured all help for the improvement of the Medical College and attached Hospitals, Dr. Dinesh observed that the Super Speciality and Trauma Care Centre can be better managed, provided there are more staff.

# IBM to share knowledge with Govt. on cyber security

Bengaluru, Apr. 14 (KMS&KS)- A three-member high-level delegation of IBM officials on Wednesday met Dr. C.N. Ashwathnarayan, Minister for IT-BT, Science and Technology, at the Vikasa Soudha in Bengaluru and evinced interest in sharing knowledge with the State Government in the areas of cyber security and Artificial Intelligence (AI).

The three-member IBM delegation, led by Sandip Patil, Managing Director, IBM South Asia, assured the Minister that the company would help the Government in formulating a cyber-security policy to which Dr. Ashwathnarayan said that the Government would take the help of the company in matters concerning cyber security.

Sandip Patil said that IBM had recently opened a Security Command Centre in Bengaluru to improve cyber resilience and capacity development of the industry. Pointing out that the company would discuss the capabilities of this new facility including some strategic collaboration avenues to develop effective cyber incident response with the Government, he said that the company was willing to train the Government staff in this direction if necessary.

Meanwhile, Minister Dr. Ashwathnarayan said that the members of Karnataka Milk Federation and other Co-operative Societies had also evinced interest to partner with IBM, to which Patil said that he welcomed the Government's initiative to empower 14 Government-run Engineering Colleges of the State and added that the Government had sought IBM's assistance in formulating a curriculum and research programmes for the engineering students. Patil said that IBM intends to upgrade all Atal Tinkering Labs in the State and hoped that the Government would extend its co-operation in this regard.

Dr. Ashwathnarayan announced that IBM had positively responded to upgrade Sri Krishnarajendra Silver Jubilee Technological Institute in Bengaluru on a partnership basis and added that the Government will discuss the modalities of this partnership with the company soon.

# MCC: Online property tax payment woes

Sir,

I have been trying for two days to pay the MCC property tax online. While the property and tax details appear, once I click on the "View and Pay Tax" link it invariably says, **"There is a problem generating the SAS form."** I was able to get the SAS form and pay the tax online for one PID while for the other PID it has been consistently failing.

It is frustrating to keep trying the online system and hope it works at some point of time!

While we pride ourselves as IT solution providers to the entire world, this software cuts a sorry figure. On a comparative note, I have been using the BBMP tax payment system online without issues over several years.

I hope the MCC authorities concerned will see to it that the problems are fixed at the earliest and help the tax-payers.

Picture right shows one of the tableaux taken out in the procession organised as part of the celebrations.*

Mysuru, Apr. 14 (MTY, RKB, PM&KS)- District Minister S.T. Somashekar and a host of other people's representatives and officials garlanded the statue of Dr. B.R. Ambedkar at Town Hall premises to mark the 131st birth anniversary of Dr. Ambedkar, jointly organised by the District Administration, Zilla Panchayat (ZP), Mysuru City Corporation (MCC) and Social Welfare Department in city this morning.

A grand procession, accompanied by a host of folk and cultural troupes, Police Band and Mounted Police, was taken out from Town Hall premises, which was flagged off by Mayor (in-Charge) Sunanda Palanetra.

The procession with a vehicle carrying the statue of Dr. B.R. Ambedkar passed through the main thoroughfares of the city before reaching Kalamandira on Hunsur Road, where a stage programme was held.

Speaking after inaugurating the stage programme at Kalamandira by offering floral tributes to the portrait of Dr. Ambedkar, District Minister S.T. Somashekar said that Dr. Ambedkar Jayanti was not celebrated in a grand manner since two years due to outbreak of COVID-19 pandemic and hence the grand celebration was being held now besides stating that a procession was organised by the District Administration for the first time.

Pointing out that Dr. Ambedkar Bhavan, which is being constructed at a cost of Rs. 44 crore is still not completed, the Minister said that the Government has sanctioned an additional Rs. 17 crore for speedy completion of the Bhavan, which will be completed in the next six months. This will be the biggest Ambedkar Bhavan in the State, he added. The Minister also said that the financial aid for SC/ST communities has been increased from the existing Rs. 15 lakh to Rs. 20 lakh.

## Heritage Committee favours demolition

(Continued from page 5)

Those members who opposed the demolition highlighted Prime Minister Narendra Modi's speech at the All-India Mayors' Conference at Varanasi in December last year following the inauguration of the Kashi Vishwanath Dham project where he appealed to all Mayors not to demolish heritage buildings. The PM had urged them to rejuvenate heritage structures by infusing new life.

**Majority opinion prevails**

However, as a majority of the Committee members felt that demolition was the only alternative, a decision was taken in favour of demolition. Also, the Committee did not meet with its full strength as there were many absentees too and the dissenters were in minority.

It may be recalled here that while speaking about the renovation of Rajendra Vilas Palace atop the Chamundi Hill recently, member of erstwhile Mysore royal family Pramoda Devi Wadiyar had said that Mysuru is a heritage city and tourists come here to see the heritage structures.

"But if you raze these heritage structures and construct heritage-like structures, there is no meaning for a heritage city," she had said, offering to take up renovation under 'His Highness Srikantadatta Narasimharaja Wadiyar Foundation' if the Government takes a decision.

## Devaraja Market tenants to get alternative place

(Continued from page 5)

"We will call a meeting of the representatives of the Devaraja Market Tenants Association under the leadership of Chamaraja MLA L. Nagendra next week and convey the Heritage Committee's decision on demolition and reconstruction. Those tenants inside the building and also those outside the building will have to move out," Lakshmikantha Reddy said.

Alternative markets will be made available to the tenants till the new structure comes up and the MCC's plans will be conveyed at the meeting.

**MLA reacts**

"The Heritage Committee has decided to demolish both Devaraja Market and Lansdowne Building and the DC has conveyed the decision to me yesterday. After the High Court adjudicates the matter, we will take the approval of the State Government and funds for reconstruction have already been assured. We will convince the tenants about the dangers of continuing business under a dilapidated structure. A meeting will be called next week," said Chamaraja MLA L. Nagendra.

## Yash-starrer 'KGF-2' set to break all records

(Continued from page 5)

As advance booking has been record-breaking, many are predicting it to become the biggest Indian opener ever. The movie is being screened in more than 10,000 theatres worldwide. In Mysuru, the movie received an overwhelming response after Dr. Puneeth Rajkumar's 'James' and the movie is being screened in Sangam, Woodlands, Rajkamal, Sterling and Mahadeshwara theatres and at all multiplexes — DRC Cinemas, PVR Cinemas, Inox and Mysuru Vision Cinemas.

Till Saturday, there are 100 percent bookings across the single screens and multiplexes and in DRC alone, there are 80 to 85 percent bookings (till today noon) for the Friday, Saturday and Sunday shows. All the theatres are arranging for more shows with packed schedules to cater to the crowd demands.

Arrangements have been made to book tickets in both online and offline mode and movie-goers are booking tickets in bulk for the weekends. Next week too there is likely to be a similar rush.

"Reviews in print or online medium and comments by movie-goers on social media platforms will go a long way in drawing people to theatres to watch movies. As of now, the response is great and we will wait for the word to spread to see the real response to the movie," Gayathri Talkies owner M.R. Rajaram, who is also the Vice-President of Karnataka Film Exhibitors Federation, told *Star of Mysore*.

DRC Cinemas' Proprietor Vaishali Hanumanth said that the response has been very good and they are increasing the number of shows. "While 'James' gave a much-needed boost for the struggling cinema industry and theatres in the wake of the two-year COVID pandemic, 'KGF Chapter 2' has continued the momentum," she added.

Meanwhile, KGF is gearing up for the third chapter as the makers treated the audience who came to watch the movie with a huge surprise as they hinted at a possible third chapter in the end credits. The audiences are going berserk ever since this news came out and are taking the internet by storm.

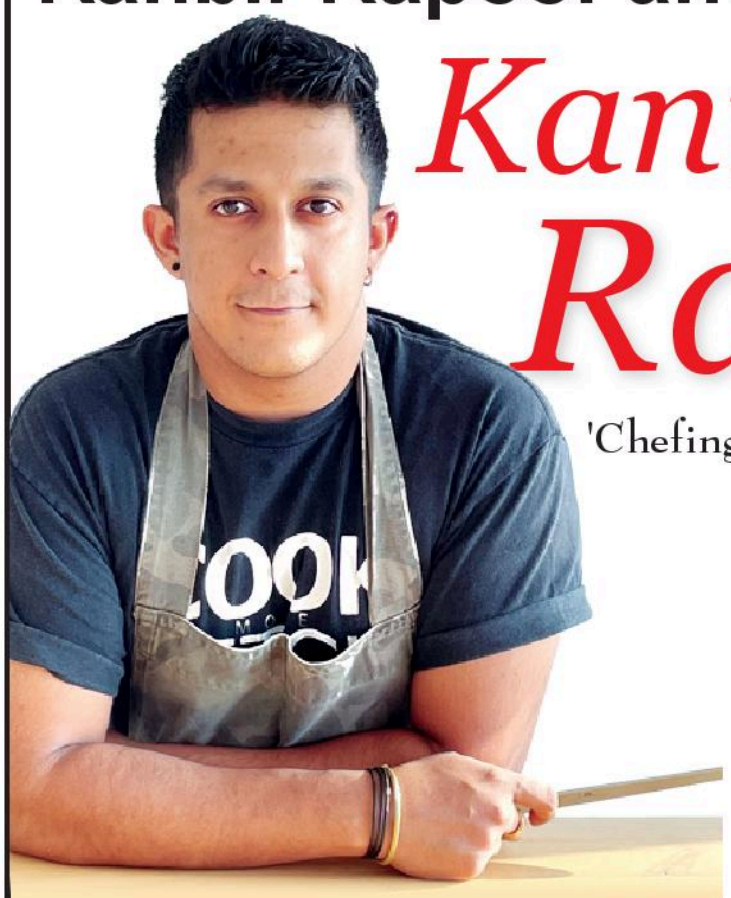
# Ranbir Kapoor and Alia Bhatt's Private Chef is

# *Kannadada Kanda Ramaskanda*



Ramaskanda Shastry is the Private Chef of Ranbir Kapoor and Alia Bhatt, the Bollywood stars, who are officially tying the nuptial knot today in Mumbai. The wedding festivities kick-started with *mehendi* ceremony yesterday.

'Chefing is like real life... You never finish learning.' — Marcel Reimer

Ramaskanda, a native of Bengaluru, faced a lot of brickbats, when he discontinued his BA History and Economics at the St. Joseph's College, Bengaluru, six years back.

For a while, he pursued music and cooking, two of his passions. When his father Shantarama Shastry, a well-known family priest of many reputed families and himself a graduate in B.Sc Electronics, advised him to study 'Hotel Management,' Skanda joined for BA-Culinary Arts at WGSHA (Welcomgroup Graduate School of Hotel Administration), Manipal. He worked as a Chef at W-Hotels in Goa, for about eight months. When he felt that the job was monotonous, he got introduced to Harsha Dixit in Mumbai, who was the Private Chef of Ranbir Kapoor.

Skanda started assisting Harsha Dixit since two years and for the last six months, he has been the Private Chef of Ranbir Kapoor and Alia Bhatt.

On behalf of *Star of Mysore* and on the star couple's wedding eve, *Dr. Veena Bharathi* had a brief chat with the celebrity Chef Ramaskanda Shastry. Read on...

***Star of Mysore (SOM): How do you define a Private Chef? What is your role in preparing a healthy diet?***

**Ramaskanda Shastry:** A cook usually prepares the regular meals according to the family's taste. Whereas a Private Chef, especially that of a celebrity couple, always has to cook for them according to their nutritional needs, diet restrictions as advised by their nutritionist. For instance, about a couple of months back, Ranbir Kapoor was advised to go on a 'Keto diet' for about 3 weeks, for the shooting of an upcoming movie, for which he had to lose a few kgs of body weight. Ranbir was hence advised a low-carb diet, he was not supposed to eat beetroots or carrot. So, I had to do some research to suit his taste buds and also following the nutritionist's advice. Hence, I used to prepare breakfast with lot of greens like palak and broccoli.

Likewise, when Ranbir is 'working out' in the mornings, he prefers to eat MUSH, which is a oats porridge. Along with a seasonal fruit and a green juice made of spinach or cucumber or amla. He starts his work-outs about 45 minutes after having the above breakfast.

On the days when Ranbir and Alia have to go for shooting early in the morning, I start to cook their breakfast by 4.30 am or 5 am. If they are shooting in Mumbai, I also cook fresh food for lunch by 12 noon and send them the packed lunch.

Late evening, an hour before they reach home, I keep the dinner ready, according to the instructions given by them. A Private Chef is on call 24x7days.

***SOM: Which language do you prefer while conversing with them and are they happy with your recipes and cooking pattern?***

*Ramaskanda Shastry, Private Chef of Ranbir Kapoor and Alia Bhatt, with the star couple.*

**Ramaskanda:** Most of the time I converse with them in English, occasionally in Hindi too, because I learnt conversational Hindi only when I was doing Culinary Internship in Goa. They are not only happy with my cooking, they have given me the liberty to experiment with new recipes.

***SOM: Which is the favourite and frequently demanded dish by Ranbir Kapoor and Alia Bhatt individually? Do you find it difficult to prepare food for their differing tastes?***

**Ramaskanda:** Ranbir likes 'Bisi bele bath' that I prepare, though he hardly eats white rice. Once, when he returned from his shooting in Italy, he expressed a desire to eat home-made 'pasta' by me. As I have built a good rapport with a few Senior Chefs from well-known Hotels and Restaurants, I learnt to cook 'pasta' by getting tutored by a Chef from the Restaurant called 'Americana' in Mumbai. Only when Ranbir can afford to go on a 'Cheat Diet,' he asks for 'pasta'! Alia Bhatt loves to eat 'Chilla' or 'pesarattu.' In Karnataka, we normally use 'Hesaru Kaalu' for making 'pesarattu' whereas in Mumbai, they use 'Moong Dhal batter' for making 'Chilla.' Alia Bhatt eats all varieties of vegetables. She also loves to eat 'Rajgira,' the roti made of flour ground from 'Basalesoppina Kaalu'!

I have absolutely no difficulty in dishing out the recipes according to their tastes and needs, sometimes introducing my own recipes. In fact during 'Sankranti' this year, I had prepared 'khara pongal' and 'Hunase hannina gojju,' which both of them liked a lot. I also explained to them how 'Sankranti' is celebrated in our households in Karnataka.

***SOM: What if Ranbir and Alia have to shoot in other cities in India, how do they manage?***

**Ramaskanda:** In November 2021, when Ranbir and Alia Bhatt were shooting in New Delhi, I too was asked to accompany them. I stayed in the same hotel, where the stars were put, and one outlet of the Hotel's kitchen entirely was given to me to cook their food !

## 'They treat me as their own family member'

"Both Ranbir and Alia Bhatt have no starry attitude. They have been treating me as their own family member. I love and respect them for their down-to-earth humane attitude," says Ramaskanda.

The 25-year-old Culinary expert zooms on his motorbike from Bandra to Pali Hill, in 3-5 minutes, to be at the star couple's spacious flat, pleasantly, efficiently doing a Private Chef's job.

**Financial aid**

Meanwhile, District Minister S.T. Somashekar symbolically distributed financial aid cheques to five beneficiaries. The MCC, in its Budget last year, had reserved Rs. 25 lakh for medical aid of journalists. The cheques were distributed to beneficiaries in the presence of Mysuru District Journalists' Association (MDJA) President S.T. Ravikumar.

Speaking to *SOM*, MCC Health Officer Dr. Nagaraj said that journalists suffering from dreaded diseases and family members of journalists who had died of COVID-19 can obtain this benefit. "Hospital bills and discharge documents should be submitted through MDJA. Till now, 24 applications were received out of which five beneficiaries were provided with financial aid in the form of cheques. The rest of the applications will be looked into. The grant of Rs. 25 lakh, which was reserved in the previous Budget, would be provided to selected beneficiaries. It has been decided to continue the same next year too," Dr. Nagaraj added.

# Failure is a stepping stone on the road to success: Varnit Negi

Mysuru, Apr. 14 (RKB&SSM)- "Though you fail in your examinations, don't be stressed or lose hope. Failure is a stepping stone on the road to success," said IAS Officer and Hunsur Sub-Division Assistant Commissioner Varnit Negi. He was speaking after inaugurating the 50-day coaching classes for Civil Services (IAS, IPS, IFS) and KAS exams, organised by KSOU Competitive Exams Coaching Centre at Kaveri Auditorium in Muktagangothri campus on Hunsur Road yesterday morning. Over 60 aspirants from different districts are attending the coaching classes.

"Today's failure will be a lesson to tomorrow's success. It is important to review yourself and find out the reason for the failure in the exams. Analysing the failures, mistakes and working on it will definitely help one to be successful. Motivate yourself from those who have a positive influence on you. Don't lose any chance you get and make keen use of all the chances which come to you," the Assistant Commissioner said.

Stating that it is important to find a way to communicate one's knowledge, Negi said: "Write essays in simple English which helps in convincing the evaluators about your hold on the language. It is important to keep three key aspects in mind — Self Belief, Hard Work and Honesty — in efforts which will lead you to the right path."

Pointing out that reading newspapers everyday is very important to all those who aspire to become IAS or KAS officers, he said: "Go through all the issues discussed in the newspapers in the form of special articles, columns etc. by expert writers."

KSOU Vice-Chancellor (VC) Prof. S. Vidyashankar, who presided over the event, said: "Decide what you want to become in future. Make up your mind for it and train yourself everyday to reach your goal. Having self-confidence will help you fulfil your dreams. During the coaching classes make use of the lectures provided by the experts."

Pointing out that reading editorials in newspapers will help in updating yourself on different issues, the VC said, "Editors throw light on various current issues in their editorials including politics, economy, crime, science and technology etc. which helps in clearing the exams. There are a lot of people who aspire to become an IAS or KAS officer. In order to be one among them, be quick enough to learn things soon."

KSOU Registrar Prof. R. Rajanna, Head of the Department of Post-Graduate Studies in Education, University of Mysore, Dr. K.B. Praveena, Deans Dr. Ashok Kamble and Dr. Shanmukha, Coaching Centre Co-ordinator Jainahalli Satyanarayana Gowda and others were present.

## WORD OF THE DAY

### Zoomorphic

**Pronunciation:** zoh-uh-MOR-fik.
**Meaning:** Zoomorphoric means "having the form of an animal."
**Origin:** Zoomorphic comes from zôion, meaning "animal," and -morphic, an adjective combining form meaning "have (such) a form" and from Greek morphē, "form." In the context of art, zoomorphism could describe art that imagines humans as non-human animals. It can also be defined as art that portrays one species of animal like another species of animal or art that uses animals as a visual motif, sometimes referred to as "animal style." In ancient Egyptian religion, deities were depicted in animal form which is an example of zoomorphism in not only art but in a religious context. It is also similar to the term therianthropy; which is the ability to shape shift into animal form, except that with zoomorphism the animal form is applied to a physical object. It means to attribute animal forms or animal characteristics to other animals, or things other than an animal; similar to but broader than anthropomorphism.
**Example:** "Wow what a wonderful stoneware vase. ... The zoomporphic rams head handles add real pizzazz to the visual impact." — John Sikorski, The Gainesville (Florida) Sun, 29 May 2021.

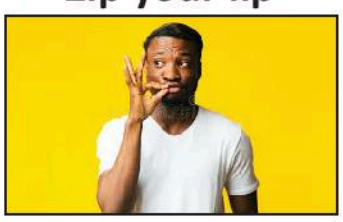
## THE ODD WORD

### Zanjero

Supervisor of irrigation canals.

## PHRASE OF THE DAY

### Zip your lip



**Meaning:** The phrase 'zip your lip' is used to say that one should remain silent or keep a secret; to stop talking; to stay calm; to stay hush.
**Origin:** Earlier this idiom was used in 1868 as 'button your lips' because during that period of time buttons were used to close things. After Zippers started being used, this idiom was modified to 'zip your lip' by the people. The use of this idiom can be traced back to 1943.
**Example:** "I zipped my lip at yesterday's meeting, as there was no point in saying anything."
